Report for Multilingual Interaction For B.Ed & M.Ed

Students admitted to college come from diverse backgrounds. There is a great deal of diversity in the college. It also has students of various languages. Such students are guided in multiple languages. Like Marathi, Hindi and English.

Objectives of Multilingualism:

- 1) To create affection among students for languages other than dialect.
- 2) To create a sense of unity in students through diversity.
- 3) To inculcate in students a sense of respect for all languages.
- 4) To create a sense of confidence in the students.
- 5) To awaken the language development of students.

Nature of the Activities: We take some activities to promote multilingual interaction.

1) Daily Lectures: The daily lectures given to the students are given in different languages. Some of the students in the college come from different parts of India. Some students also come from rural areas of Maharashtra. Considering all such students, daily lectures are explained in Marathi and English as well as in Hindi language.

2) Cultural Activities/Programs: As the saying goes, unity in diversity, even though

students come from different parts of college, they are seen as one. Cultural programs are conducted in the college for multilingualism. Students present the culture, art, language etc, of their respective areas in their own language. It is a joyous occasion.

3) Notes Giving. Course notes are provided to the students in both Marathi and English languages. Students who find some concepts difficult in both languages are taught the relevant

topics in Hindi by respective teachers. 5) Cultural Program, Days Celebration, Exhibition, Yoga & Sports and Various Competitions:

Various programs are implemented in the college in order to remove the deadness among the students and to bring out their various talents and their talents. For example: cultural programs, various types of competitions (Rangoli, Mehendi, Make-up, Cooking etc.), sports and yoga, various exhibitions etc. Along with the progress of the students in their studies, other skills can be closely experienced through them.

Outcomes:

Students with diverse abilities get a variety of study experiences through various programs conducted in the college. Through this experience the student learns better and understands the difficult concepts or concepts of the course better. Students' confidence increases and their knowledge is also enriched through various study experiences. They enthusiastically participate in activities organized for students and develop themselves.

Documents:

Activity related documents maintained in the college register, Photographs of related activities also maintained. Records of every activity are maintained in college register in year wise. Information, Student-Teachers List, Activity name all things are mentioned in college register.

Enrichment Repot

B.Ed.&M.Ed curriculum covers a wide variety of subjects. B.Ed. & M.Ed students get to learn many new things. Students remember things better and longer if they learn in groups or cooperatively or through collaborative learning rather than learning alone.

In college, students from diverse backgrounds are introduced to diverse experiences as well as collaborative work. Understanding that students have different comprehension abilities, various approaches are used in teaching and learning.

The following are the objectives of collaborative work:

- 1) Working in a team manner
- 2) To make students socially oriented/extroverted
- 3) Enhancing teamwork or unity among students
- 4) Development of students in all areas
- 5) To develop creativity in students

Nature of the Activity:

Team Teaching: There is a new concept called team teaching in the curriculum in order to develop teaching ability. In this, 3-4 students have to be taught together. In this, the student who is proficient in the micro-skills is given that type of work. This increases the spirit of collaboration and cooperation among the students.

Group Discussion: Group discussion method is used to teach some parts of the syllabus. It involves students exchanging ideas in a group, which builds confidence, improves communication skills due to interaction. All types of learner involved in group discussion.

Panel Discussion: This discussion method is used to teach some parts of the syllabus. It involves students exchanging ideas in a group, which builds confidence, improves communication skills due to interaction. All types of learner involved in Panel discussion

Cultural Programme: Students voluntarily participate in various cultural programs and give appropriate group presentations. All the students in the group interact with each other to present something unique or innovative. 5) Cultural Program, Days Celebration, Exhibition, Yoga & Sports and Various Competitions:

Various programs are implemented in the college in order to remove the deadness among the students and to bring out their various talents and their talents. For example: cultural programs, various types of competitions (Rangoli, Mehendi, Make-up, Cooking etc.), sports and yoga, various exhibitions etc. Along with the progress of the students in their studies, other skills can be closely experienced through them.

Outcomes:

Students with diverse abilities get a variety of study experiences through various programs conducted in the college. Through this experience the student learns better and understands the difficult concepts or concepts of the course better. Students' confidence increases and their knowledge is also enriched through various study experiences. They enthusiastically participate in activities organized for students and develop themselves.

Report on Communication Skill

In order to increase the confidence of the students, to develop some important skills in them. One of the most important skills is communication skills. This skill is useful at all levels. So how can education be an exception? It is important to have strong oratory or communication skills before entering the teaching profession. Keeping this in mind, special emphasis is placed on communication skills at the time of students' admission.

There are various programs going on in the college throughout the year, but at the primary level, a basic interview is conducted by all the teachers and principals.

Face-to-face interaction is done at the time of admission to the college to boost their confidence. As Students are from different backgrounds for to improve confidence communication skills helps a lot.

In our college we conduct following activity every year for to develop communication Skills in students.

Nature of activity (Individual)

Introduce themselves in front of group

Tell more about their Habits and their family

Telling Own Life story

Face to face Interview

Nature of activity (Group)

Group Discussion

Drama

Report On Guest Lecturer

Guest Lecture Topic: National Education Policy 2020

Day and Date: Friday, 30 Dec. 2022

Time: 11.30 a.m. to 12.30 p.m.

Name of Speaker: Dr. R. B. Mirajkar.

Venue: B. Ed Lecture Room.

Shri. S. K. Patil Shikshanshastri Mahavidyalaya, Prayag Chikhali organised a guest lecture on the topic "National Education Policy 2020" on 30 Dec. 2022 at 11.30 a.m for Associate Professor of Mahaveer Mahavidyalaya Kolhapur Dr. R. B. Mirajkar, was invited for the deliverance of this lecture.

Welcome note was given by Ms. M. N. Ghule followed by felicitation of the guest lecturer, Dr. R. B. Mirajkar at the hands of Respected Principal Dr. S. J. Bhosale. The inaugural address was given by Respected Dr. B. G. Sathe.

In the beginning, Dr. R. B. Mirajkar introduced the topic and explained the history and objectives of National Education Policy 2020 to the faculty members and students. He elaborated on the academic flexibility while implementing NEP 2020 in the context of various academic programs run by KIMSDU. He said that the committee has proposed changes in the curriculum structure and duration of degree programs to ensure seamless student mobility within the university through a formal system of credit recognition, accumulation, transfer and redemption to promote flexibility in the education system. Three combinations were explained to the faculty members which included:

1. Entry/exit model for graduate and postgraduate programs
2. Integrated undergraduate and postgraduate programs
3. Flexibility in registration for Ph.D programs

At the end, he discussed the salient features of NEP 2020 in brief and ways of their implementation in medical sciences. After an outstanding talk by Dr. R. B. Mirajkar Sir, a question-answer session was conducted where the faculty members enthusiastically participated and Dr. Mirajkar cleared their doubts.
